

# SESAM<sup>TM</sup> CONTAINER

For trucks with  
expandable forks

SESAM 2600

## Rational handling of waste

Sesam™ is a patented product which is suitable even for heavy waste. You empty the container by increasing the forks.

The advantages with Sesam™ are

- Sesam™ is emptied easier and quicker
- Sesam™ can be handled from both short sides
- Sesam™ contents nearly double as much on the same area
- Sesam™ is easy to empty wherever you have the centre of gravity of the waste.
- Sesam™ can be equipped with a lid or a cover net
- Sesam™ can be equipped with a firesafe lid
- Sesam™ increases only 37 mm in height with wheels
- Sesam™ without wheels can be transported with a handtruck
- Sesam™ can hold 40 litres of liquid
- Sesam™ is manufactured in various sizes
- Sesam™ minimize injuries on the truck-driver
- Sesam™ is easy to repair
